Valedictorian To Be Chosen In Arts To-day

Important Class Meeting Will Be Held This Morning—Many Elections

At eleven o'clock this morning, in the smoking room of the Arts Building the Senior Class will meet. Much important business is to come before the members of the class. Nothing has been done so far about the election of the Valedictorian and other officers which have to be filled in connection with graduation. A committee will have to be appointed to look after the graduation dinner and the general committee which will confer with the committees from Science and Law in regard to the arrangements for Class Day exercises will also have to be appointed. Two members of the executive of Arts '15 left last evening for Kingston to take a military course. These two men are Bob Fraser and Harry Healey, vice-president and secretary respectively. It will probably be necessary to elect two men to act in their stead. All members of the class are particularly requested to make a special effort to be present at this meeting. The business to be transacted concerns all the students who hope to get a degree this year.

Dr. Scrimger On Freedom Of The Will

Discusses Question Which Has Been Debated For Centuries Past

CHANGES SUBJECT FOR NEXT SUNDAY

"Responsibility of Choice Must Rest Upon Ourselves," Says Principal

Rev. Dr. Scrimger gave a very interesting and helpful talk on the Freedom of the Will at St. Mathew's Hall yesterday. Owing to certain questions that were asked and discussed a week ago the Principal decided to change his subject. Next Sunday he will speak on "What things are helpful to the growth of religious experience."

This question of the divine control of the main decisions of life, of the change from an unsympathetic to a sympathetic attitude towards God not only has been debated for centuries past, but creates interest and thought at the present time. Such a change in a child is unconscious to an adult person is conscious. It means that a choice has been made, influenced but not directed by God.

DECISION LIKE MIRROR.

Some people take the responsibility off their own shoulders by arguing that no change or action takes place except at the time and in the way God directs. They say making a decision interferes with the law of the conservation of forces; that is, a decision means a new force created. In reality only the direction of the force is changed. Just as a perfect mirror reflects all the rays of light which fall upon it, neither adding nor taking away anything from the light, so a decision is a force with its direction changed.

We constantly hear of men who have lived for years, lives which were not in harmony with God's will but who have suddenly changed the direction of their lives from a course which they have strongly upheld. Such a man was Paul, so quickly was his life changed that it would seem that God had compelled him to act as he did. Saint Augustine and John Calvin had like experiences which to some seem to prove that God directs the direction of their lives out of their own hands.

God does direct us in that he constantly influences us toward the right. His laws in spiritual things are just as fixed as are laws of nature, and we can bring punishment upon ourselves by breaking the laws of nature.

(Continued on page 2.)

American Club Hold a Smoker This Evening

Will Celebrate Birth of George Washington in Popular Event

Another smoker will be held by the American Club this evening in the Edinburgh Cafe to commemorate the birth of George Washington.

Every American at McGill should endeavour to attend this event in order to make it a memorable one in the history of the club. A member of the American Club of the city of Montreal will be one of the principal speakers and it is expected that the United States Consul will also be present. The election of officers for the coming year, which should be of interest to every member, will take place at the meeting, which will probably be the last social function of the club this season.

Tickets may be had, at a modest price, from representatives in all faculties.

Arrangements of Hall Dance Are Complete

Promises to be Best in History of Such Functions

Full arrangements have been made for the Strathcona Hall Dance to be held next Friday evening, February 26th. Brondson's, the well-known and popular caterers, have been engaged to provide an excellent supper, while Brown's will supply a full orchestra, which ensures the very best of music. Some new ideas have been introduced in the general decorating of the hall room. As this will be the only dance of the season at old McGill, it is expected that it will be the best in the history of the hall dance, which have always been so successful and enjoyable. The dance will be strictly informal as formerly, and the hour of assembly has been fixed at 8 p.m. sharp. Tickets are limited in number, so that those wishing to attend should purchase at once from any of the following committees: H. Church, J. E. Affleck, A. Stalker, W. J. Stevens, H. Miller, W. Grant, L. Gillison.

POOR OUTLOOK FOR STUDENTS. The chances of university students securing situations as forest rangers in Northern Ontario during the coming summer are at a discount. Owing to new conditions and a policy of economizing in the Department of Lands, it is stated to be the intention to employ only experienced men and northern colonists who are out of work. One hundred fewer men than last year will be employed.

DOCTOR PETERSON KNOWS NOTHING OF RUMOURED PLAN

There has been a rumor going the rounds of the College that soon a meeting of the Student Body would be called and asked to decide the question of early closing of the University, a two-thirds vote in favor of such a plan meaning that the College would not re-open until after the war. The Daily last night was unable to obtain any information concerning such a statement. Principal Peterson, when asked concerning the matter was most emphatic in declaring that he had "heard of no such plan."

Mr. Mathewson Is Prominent Grad. of 1885

To-night's Speaker at Science Undergrad. Has Had a Varied Career

Edward P. Mathewson, B.A.Sc., who will address the Science Undergraduate Society this evening upon Copper Metallurgy, is a prominent McGill graduate, and one who has rapidly risen in his profession since leaving here. At present he is general manager of the International Smelting and Refining Company at Anaconda, Montana, and manager in charge of the reduction work of the Anaconda Copper Mining Company.

Mr. Mathewson, who is a native of Montreal and a brother of Dr. G. H. Mathewson of this city, belongs to the class of Science '85. At graduation he secured honors in natural science. His first employment, after leaving here, was with the Fyeblo Smelting and Refining Company, which he entered as an assayer. In 1888 Mr. Mathewson was promoted to become assistant superintendent and metallurgist of the Philadelphia Smelting and Refining Company, where he remained for four years. Since 1902 he has filled the positions named at the commencement.

Mr. Mathewson is a member of the Society of Chemical Engineers, of the American Institute of Mining Engineers. He possesses a thorough knowledge of every phase of the work with which he is connected, as well as with other branches of engineering work. Science undergraduates this evening have an opportunity to hear one of the brightest of Canada's sons, who has been claimed by the States, every one should turn out to watch taking a university course or not.

Two more days remain for the handing in of nominations for the executive offices of the Science Undergraduate Society. The president, vice-president and reporter are from the class of 1916; treasurer and secretary from 1917, and assistant secretary and a year reporter from 1918. The nominations should be handed to Mr. J. G. Adams, Macfarlane or Mahaffy of the retiring executive.

Watchman at New Medical Gave At-Home

John's Daughter and her Guests Had "Pleasant Good Time"

John, the watchman at the New Medical Building last night handed the Daily the following for publication:

JOHN
Our Watchman at the New Medical, Gave a very pleasant At Home in honor of his daughter's 12th year, at 280, Hibernia Road on Friday 19th February, 1915. Table was set for 12, and was nicely decorated with Daffodils, Ferns, and other flowers donated. Tea was served by Mrs. Eastey and the Hostess. Music consisted of Gramophone and violin, and a pleasurable good time was had. "Old McGill" was played, coupled with the names of Principle Peterson, Lieut. Col. Birrell, Dean of Faculty of Medicine, and Professor J. G. Adams. — John Hennesly.

Futurities To-day

11.00 a.m.—Class meeting, Arts '15.
5.00—Wrestling practice and challenge bouts.
5.15—Gym, classes and Wicketed Competition practice.
7.30—Students' Orchestra practice.
8.00—American Club smoker.
8.00—Science Undergraduate Society meeting.

To-morrow

5.00—Boxing practice.
7.15—Fencing practice.
Feb. 24—Final Inter-year Debate at R.V.C.
Feb. 24—Western Club smoker.
Feb. 24—Hall Residents' Dance at the Union.
Mar. 1—King Cook Celebration.
Mar. 8—Wicketed Gym Competition.
Mar. 10—Wicketed Gym Competition.

Miss McMillan of Macdonald Meets Death

Failed to Notice Approach of Train at Ste. Anne Crossing

SUPERINTENDENT OF MEN'S RESIDENCE

Another Level Crossing Accident, With Trains of Two Lines Involved

Struck by Grand Trunk train No. 250, the incoming local from Vaudeville, which runs upon Saturday only, Miss M. L. McMillan, superintendent of the Men's residence at Macdonald College, Ste. Anne de Bellevue, was instantly killed at that station at 4.38 Saturday afternoon.

The circumstances of the accident are particularly unfortunate. Both the Grand Trunk and the Canadian Pacific Railways have stations at Ste. Anne de Bellevue, though located in different sections of the village. The tracks of both lines run parallel to one another, being separated by a few yards distance. The C.P.R. station is about a quarter of a mile west of the Grand Trunk station, and accordingly Grand Trunk trains intending to stop at Ste. Anne de Bellevue, are running at a fairly high rate of speed when opposite the C.P.R. station.

Miss McMillan had been bidding good bye to a friend who had just mounted a C.P.R. east-bound train, and as she returned to the college by a crossing over the C.P.R. tracks, was watching the C.P.R. train moving out. In doing so she failed to notice the approach of the Grand Trunk local, being apparently unable to hear it on account of the noise which the other train was making. She was struck by the G. T. R. train and instantly killed, being hurled into the ditch beside the track.

SIX YEARS AT MACDONALD.

Miss McMillan had been connected with the Macdonald College staff for six years, and her loss will be most keenly felt among the students of the institution. "She was a most capable and efficient worker," said a prominent member of the Macdonald College staff at the McGill Daily yesterday.

Miss McMillan's home was in Mount Forest, Ontario. She was a graduate of the Macdonald Institute at Guelph, Ontario, and previously a member of the staff of the Ontario Agricultural College there. She was a sister of the Rev. Dr. John McMillan, of Halifax, N.S., and of K. D. McMillan, president of Wellesley College, Aurora, N.Y. The late Miss McMillan was forty-eight years of age.

An inquest will be held.

Coronation of King Cook III On March 1st

His Arrival is Eagerly Awaited by Members of Medicine '19

At last! After long and agonizing suspense, which has left its trace in glaring eyes and haggard brows, can the committee in charge of a fitting welcome to that most ignoble of potatoes, King Cook III, relax their tortured nerves.

Word has been received via wireless from that ignominious monarch that he has condescended to shed the light of his countenance upon the benighted inhabitants who eagerly await his coming. His most despicable majesty will arrive on the evening of March 1 and after a short, but comprehensive tour of the city, will adjourn to the throne room to assume the reins of government.

To his most recent subjects, the class of Medicine '19, his first decree is issued. That they, en masse, shall attend the coronation ceremony.

Many Chinese Stranded in U. S. Colleges

Owing to Failure of Chinese Officials to Provide Promised Funds

As a result of the return by the United States of the \$20,000,000 Boxer rebellion indemnity to China as a fund to educate Chinese students in American universities, more than 2,000 Chinese are studying in America this winter. These men are selected in two ways; either by political appointment or by taking high rank in competitive examinations. Each Chinese province has its quota of representatives, and until recently the scheme was working very successfully. Owing however, to the political restlessness occasioned by the activities of Dr. Sun Yat Sen's party and the supporters of Yuan Shi Kai, many of these students have had their government allowance stopped and not a few are finding it quite difficult to continue their studies. Here and there, however, they have hit upon ingenious devices to carry on their education, and at Oberlin College a number of high caste Chinese are working out a most interesting experiment.

has served as police commissioner in central China, another had a large share in organizing the municipal government of Chang Sha in the province of Hunan when the new republic was established and many others have held positions of large responsibility. This experiment is unique in the history of American education and is being watched with great interest by those men who are so eager to profit by the benefits of western civilization.

FINAL INTERYEAR DEBATE AT R.V.C.
The final inter-year debate will take place in the Common Room of the R. V.C. on Wednesday, February 24, at 8 p.m. between the Juniors and the Sophomores. The subject is "Resolved, that war is an essential factor in the highest development of a nation." Miss M. J. Currie and Miss Allie Douglas '15, will argue for the negative, and Miss Lillian Irwin and Miss Enid Price, '17, for the affirmative.

College Athletics

Intermediates Were Superior to Westmount

Second Basketball Team Won Out After Fast Game by Score of 42-28

PITTS WAS STAR OF MCGILL TEAM

Magrave, of the Westmounters, Mainly Responsible for the Showing of his Team

On Saturday last at the Central Y.M.C.A., the McGill intermediate basketball team met and defeated the Westmount quintette by the score of 42 to 28 in the Y.M.C.A. league. The intermediates are up in the form for the championship honors and should give the leaders a good go for the title.

Although the players from the city of Westmount were in front at half time yet the Red and White team, true to traditions, pulled ahead in the last stage and managed to win out by a substantial majority. This victory was mainly due to Pitts, on the forward line, who scored with a number of baskets during the progress of the second period and before referee Hawkins had sounded his whistle for full time. Pitts managed to bring the ball into the basket nine times.

Magrave of the Westmount team was also on hand with his goods. He proved to be the main scoring machine of his team and during the progress of the game he notched eight baskets for his team.

The game was fast and keenly contested all the way, and remained very close until the end of the second half, when McGill drew away into a nice lead.

The teams lined up as follows:
McGill (42) Westmount (28)
H. Ferguson A. Davis
J. Ferguson C. Magrave
Kemp Robertson
Kent F. Cuttle
Pitts C. Carter
Referee—P. Hawkins.
Timer—R. Anderson.
Scorer—S. A. Neilson.

MACDONALD VS. R. V. C. IN FAST HOCKEY MATCH

Exciting Game Results in Win for R.V.C. on Saturday

The return hockey match between Macdonald College and the R.V.C. was played on Saturday morning at ten o'clock on the R.V.C. rink. In spite of the players being handicapped by bumps and soft spots on the ice the game was a fast one and showed a marked improvement on the previous games both in combination and shooting. The game resulted in a win for the R.V.C. by a score of 1 to 0.

THE PLAY.
The first period of the game began well. Miss Hodge secured the puck several times but was well checked before getting a chance to shoot by Miss Potter or Miss Teskey. The R.V.C. forwards then played up and for some minutes play was very even. During this time both goalkeepers were kept busy and Miss McCaw did some especially good work. Miss Demuth then secured the puck near her own goal, took it down the ice and passed to Miss Currie, who shot, but failed to score. There was a great tendency particularly in this first period for the players to bunch and also to pass forward and the referee's whistle seemed to blow almost continuously. After a mix up near the Macdonald goal, Miss Potter secured the puck and scored the only goal of the game. A minute later the whistle blew for the second period.

In the second period Miss Potter was not quite as effective in carrying the puck down the ice but checked back well. Miss Demuth and Miss Teskey starred in this and in the third period. Both are good skaters and stick-handlers and succeeded in passing the defence but not in scoring for their teams. The R.V.C. players did more passing than their opponents and several times pulled off some good combination but lacked speed in their shots on goal. In this department of the game Miss Hodge was extremely good and Miss McCaw saved the day for the R.V.C. by her coolness and quick judgment.

In the third period Miss Hodge moved up to centre and the R.V.C. defence had a lively time. Miss Story and Miss Teskey showed up well throughout the game, but particularly in this period. Miss Story not only checked well but made several rushes down the ice and carried well to Miss Demuth or Miss Currie. The latter, as usual, played a fast, aggressive game but did not stick to her position quite enough. As the period drew near an end the shots came thick and fast on the R.V.C. goal but Miss McCaw did not let any through and cleared well, thus giving the R.V.C. forwards a chance to secure the puck and the game ended with the score the same as at the close of the first period, 1 to 0.

After Macdonald Miss Jean Hodge played an extremely effective game while Miss Teskey and Miss Lee also showed up well. The team, as a whole, however, did not play well together and left too much to individual play.

The interyear matches are over at the R.V.C. and Saturday's game closes the hockey season for the girls. Anyone who saw the first interyear match and the game yesterday could not fail to remark upon the improvement shown by the players. This is due to a great extent to the coaches who gave up many valuable hours to the task of instructing the R.V.C. students into the mystery of hockey and correcting their numerous faults. For this and for their kindness in refereeing the matches the hockey players are sincerely thankful.

Line-up:
Macdonald: Goal—J. McCaw
R. Teaney Point—E. Teskey
J. Hodge Cover—E. Story
M. Amette Centre—M. Currie
P. Lee Wing—L. Demuth
M. Cravers L. Wing—R. Potter

TORONTO WON INTERCOLLEGIATE HOCKEY HONORS SATURDAY WHEN THEY DEFEATED MCGILL-SEVEN

Varsity Team Outplayed McGill at All Stages of the Game and Easily Won Saturday's Match by the Score of 4 to 1, Thereby Clinching the Championship

TORONTO SHOWED SUPERIOR TEAM PLAY

The McGill Forwards Failed to Penetrate the Varsity Defense which was Greatly Assisted by the Back-Checking of the Toronto Forwards

On Saturday last, Toronto University team captured the Intercollegiate hockey championship, when the downed McGill by the score of four to one. The game next Saturday between Varsity and Queen's can have no bearing on the honors, Varsity having given herself a good margin by putting it over on the Red and White.

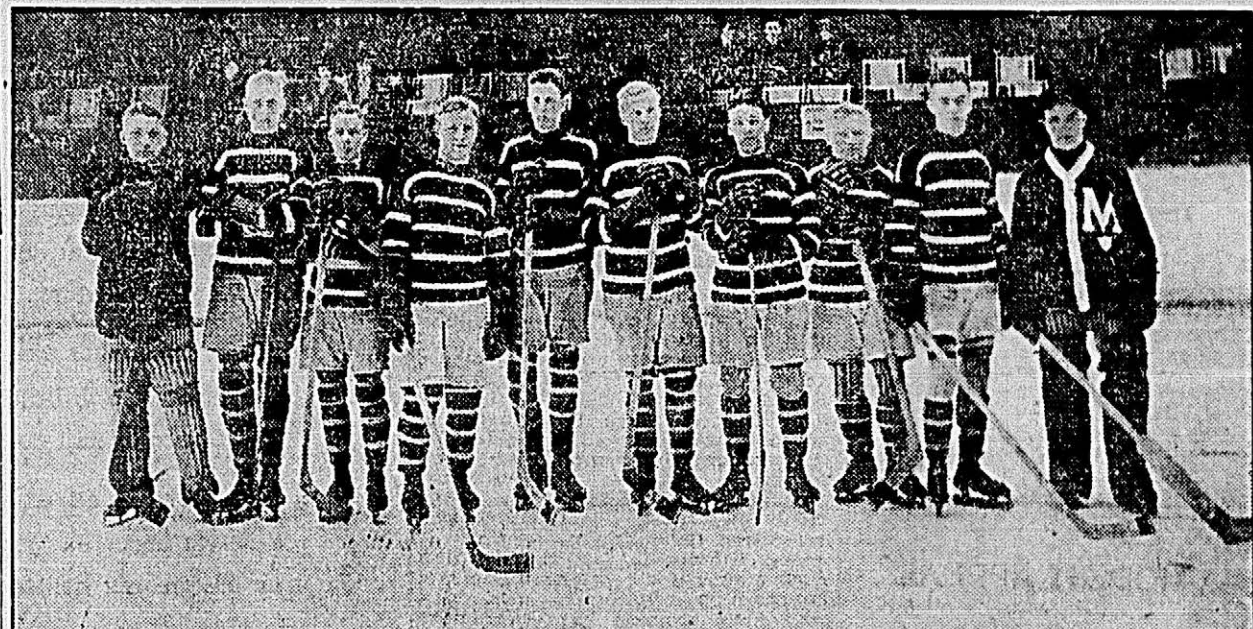

The Toronto Septette proved themselves to be the better team, their speed dazzling the Red and White team all the time, while the faultless combination of their forward line was directly responsible for the defeat of the McGill team. The Toronto University deserves great praise for the team which they have perfected this year. Starting off the season with only one of their last year's senior team they have finished up with a team which possesses all the requirements of a good hockey aggregation. Their forward line, consisting of the Intercollegiate, while their back-checking has been mainly responsible for their victories so far this year.

McGill put up a good fight all the way, but it was an uphill one. They could not get going. The forward line worked hard all the time but they had

THIRD PERIOD.

McGill lined up for this period with Rainboth, Parsons, Rooney and Ross on the forward line. Morris and Kendall on the defence. Rooney led a McGill rush. Jupp hit out. Milne shot from a face-off in front of the McGill goal scoring Varsity's last goal in two minutes. Murray passed in front of the McGill goal, but no Varsity man were there. Milne passed to Murray, who shot wild. Ross shot missed by inches. Sanderoock stole from Rooney but Morris put him to the ice. Mann saved Milne's shot. Rainboth had a chance to make an easy score when the puck was loose in front of the goal, but was too slow. Parsons, Sanderoock off. Rooney at this time was working in every play. Ross got through but was bodied to the ice. Mann saved Jupp's shot. Rooney, Morris, and Rainboth just missed a goal. A scuffle for the puck ensued. Morris off. Wilkinson saved Parsons' shot. Jupp got through but was too slow with his shot. Rooney just missed a rebound shot. Mann saved Milne's shot. Jupp got the rebound but lifted the puck over the

The Red and White Hockey Squad

Which completed its season last Saturday when Toronto Varsity captured the Intercollegiate Honors

tough luck in finding the Varsity net. The shooting being anything but effective. The Red and White defence, however, put up a sterling game all the time, keeping the Varsity forwards at a distance for the greater part of the game.

Parsons on the forward line, was watched too much to get going. There were generally two Toronto men within striking distance of Eric, but these had their work cut out for them. Parsons getting away for some beautiful rushes time and again. Len Rainboth also put up a fine game at centre. He had a hard man to watch in Jupp, but he played his position in fine style and more than once came within striking distance of the Toronto nets only to lose by a bit of hard luck. Len scored the one goal for McGill, when a few minutes before full time, he received a beautiful pass from Parsons and fooled the Varsity net tender for a nice one. Rooney was about the hardest worker on the ice, being in the play the whole time. Rooney proved a source of great trouble to the Varsity men especially Mathers on the defence.

Shorty Mann as usual, was on the job all the time, making many spectacular saves. Kendall also shone out but his rushes were not so effective as in the Queen's game.

Jupp was the best man on the ice for the Toronto team. His playing was effective all the time, while his speed enabled him to make some very effective rushes. Milne also put up a good exhibition notching the majority of the winning goals.

The class of hockey was not the same as that in the game of a week ago. It was for the most part slow and ragged, while rough tactics also adorned the playing from time to time, many men warning the bench. McGill used the game style of playing as in the City League. She put in her regular team in the first period and then used a substitute seven in the second and again bringing out their first team again in the final period.

The Red and White team has now completed its schedule except for a draw match which has to be played off in the City League schedule. This will take place next week and then the McGill team will go into camp for another year, unless the management can arrange a trip to New York again.

Bob Meldrum, of the M.A.A.A., refereed again on Saturday and gave good satisfaction to both teams.

THE PLAY.
Toronto started with a rush. Dafeo got possession near the McGill goal and his shot went wild. Parsons relieved the attack and passed to Andrews. "Pinky" shot but the puck hit Wilkinson's leg. Sanderoock carried the puck down but shot wild. Andrews cleared and engineered a rush on Wilkinson, but shot wild. In a scuffle, Jupp cleared and passed to Murray who shot wild. Rainboth intercepted a pass but Sanderoock prevented him from doing any damage. Mathers rushed back but raised the puck over the fence. From the face-off Milne got possession, he passed

to Jupp whose shot was miles out. Sanderoock lost to Morris who in turn lost the puck to Milne. Mann made a good save on Milne's shot. Dafeo tried a long one which failed. Mathers got possession, but again put the puck into the benches. Parsons made a brilliant rush, but was not to the ice. The Varsity forwards by this time had warmed up, and were skating the McGill men off their feet. Their forwards checked back and had the McGill attack absolutely baffled. Sanderoock rushed but Mann handled his shot perfectly. Murray got possession of the puck but Parsons stole it and tested Wilkinson. Rainboth got the puck and passed to Andrews who shot wild. Morris worked his way by the Varsity team only to have Wilkinson save his shot. Sanderoock rushed, but Parsons stole, he passed to Rainboth whose shot was saved. Mathers started to make trouble for Mann and was followed by Jupp, who just missed a close one. In the scuffle that ensued, a face-off Murray scored. Time, 16 mins. Period over.

Varsity, 2; McGill, 0.

SECOND PERIOD.

For McGill, Ross replaced Rooney. Blair replaced Andrews and Hall, Morris. Hall celebrated his advent to the game by banging one at Wilkinson, which the Varsity man handled all right. Jupp cleared and passed to Murray, but Rainboth stole the puck but lost it again to Dafeo, who passed the puck in front of Mann from behind the nets. Rainboth, however, was there and saved a goal. Play then went from one end to the other, the second team men all sowed up well. Jupp came up centre ice and passed out to Milne, who netted Varsity's third goal. Kelsch replaced Parsons. Jupp intercepted a pass but shot wild. Ross got possession, but Mathers blocked his rush, he passed to Murray who shot wild. Kendall got clean through but shot wild. Hall stole from Murray and went down the ice only to shoot in a weak one. Dafeo shot but Mann saved. Jupp missed the rebound. Hall relieved, but couldn't get by centre ice. Blair sent in a good one from the side, which Wilkinson saved nicely. Wilson replaced Dafeo. Mann rushed out and saved Milne's shot. Jupp passed to Murray in front of the McGill net, but Rainboth cleared. Wilson got possession and shot in a fast one. Mann saved. Hall shot into the corner of the net. Wilkinson missed an open goal. Game opened up. Mann saved from Wilson again. Ross and Milne off. Wilson again shot and again Mann saved. McGill can't get near Varsity goal. Murray and Hall off. Parsons and Work came on Kelsch and Rainboth off. Jupp hurt, but resumed play. Blair intercepted a pass and shot one which Wilkinson saved. Period over. Varsity, 3; McGill, 0.

SUMMARY.

First Period—13 mins.
Murray, 6 mins.
Second Period—11 mins.
Milne, 2.30 mins.
Third Period—16 mins.
Rainboth, 16 mins.

PENALTIES.

First Period—Rooney.
Second Period—Ross, Milne, Murray, Hall, Ross.
Third Period—Parsons, Sanderoock, Morris.

CHANGES.

First Period—None.
Second Period—Ross for Andrews, Blair for Rooney, Hall for Morris, Kelsch for Parsons, Wilson for Dafeo, Parsons for Kelsch, Work for Rainboth.
Third Period—Rainboth for Work, Rooney for Blair, Morris for Hall, Dafeo for Wilson.

USE OF Y. M. C. A. GYM IS GRANTED TO B. W. & F. MEMBERS.

The Athletic Association has made arrangements with the management of the Central Y.M.C.A., whereby any member of the Boxing, Wrestling and Fencing Club, who may wish to work out in preparation for the intercollegiate contests at Toronto, may do so at the Y.M.C.A. gym at any hour this week, when no other Y.M.C.A. classes are in progress. The only stipulation made is that these men present their B. W. & F. membership cards at the Y.M.C.A. These may be obtained from the president of the club, Harry O'Leary.

Varsity Inter-faculty Meet Held Saturday

Arts Swimmers Were Easy Winners Over School of Science at Annual Meet

TORONTO EXPECTS TO BEAT MCGILL

Wood, a Freshman in Arts, Looks to be Very Promising in All Depts.

Varsity fish held forth on Saturday afternoon in competition for the Beardsley Cup and the interfaculty championship. For the first time in several years the swimmers representing University College won out. This was largely due to the good work of Frank Wood, the good freshman aquatic artist, who very nearly cleaned the boards. The men who will compete in the intercollegiate meet in Montreal, Central Y.M.C.A. tank will have a better chance to win the championship from McGill than the team that went down to Montreal last year. Swimming Instructor George Corsan figures that his proteges will beat the Montreal team. The Varsity men looked a little weak in the 100 yards race. The 200 yards event was not held, but Varsity is known to be weak at that distance also. Tilson, who competed at these distances last year, was kept out on account of illness. His absence was a big factor in the defeat of the S.P.S. team by Arts, but he will be around next week. With Tilson to bolster up the Toronto team, it is figured that the Varsity men will have to be conceded in both the 100 and 200 yards events.

The "fish" were extremely handicapped on Saturday by the small Varsity pool. This was hardly conducive to fast time, and under the circumstances the performances were very good. It is A. Sheard was greatly pleased with the showing made by the swimmers, and said that, with Tilson competing on Saturday, Toronto Varsity ought to win.

Arts were easily winners. School were second and Meds. a poor third. Wood duplicated his good performance in the Ontario championships by winning the 50 yards, fancy diving, 50 yards on back and 100 yards. He also pulled out a win in the relay race when he drew away from Huestis, the last man for S.P.S. There was not a great deal of competition in the dives, but both the fancy diving and the long plunge brought forward good men. The results were:
Relay race—1, Arts—Walker, Wood, Lyons, McKay; 2, S.P.S.—Kelleher, Huestis, Peek, Perrier. Time, 1:21 2-5.
Fancy diving—1, Wood, Arts; 2, Huestis, S.P.S.; 3, Walker, Arts.
50 yards—1, Wood, Arts, 26 4-5 secs.; 2, Varsity, Meds., 28 1-5 secs.; 3, Huestis, S.P.S.
Long plunge—1, Kelleher, S.P.S.; 2, McKay, distance 1 foot, in.
50 yards on back—1, Wood, Arts; 2, Lyons, Arts; 3, Crowe, Meds.; 4, Huestis, S.P.S. Time, 33 4-5 secs.
50 yards, novice—1, Kelleher, S.P.S.; 2, Carlyle, Arts. Time, 31 1-5 secs.; 3, Boyd, Arts; 4, Hume, S.P.S.
100 yards—Wood, Arts. Time, 70 secs.

Officials—H. H. Sherrard, vice-president Canadian A.S.A.; Judge, Arthur Allan and R. S. Williamson, timers.

SPORT FINANCES AT QUEEN'S ARE IN A BAD SHAPE

Kingston University is Feeling the Effects of the Present War

This has been an unusual year in sport as well as in every other way. Consequently those who have to finance athletics at Queen's have not had their troubles to seek. The dropping out of the I.A.M.C. helped to make a bad football season worse, the smaller registration brought down the revenue from athletic fees, and the rink, as might be expected, is not as profitable as last year.

On hockey matches alone the receipts are, to date, more than \$700 less than last year, the sale of students' tickets about \$200 less, and the proceeds from general skating are considerably reduced. The secretary does not feel very cheerful about the expenditure of money required to send the two hockey teams, the Boxing and Fencing team and Basketball team to Toronto next week. It will probably take the best part of \$500 to do it, but it has to be done.

Where we get the money to meet all our obligations is a question which too often is never considered by the students and others. It is a little too soon to make any forecasts of what the financial position of the Athletic Committee will be at the end of the financial year, but it is certain we will have to continue to practice the strictest economy. Teams representing the University in any contests away from home should feel some responsibility in this matter and not kick because they don't get all the "trimmings" they erroneously think they should get. No student worthily representing his university whose attitude is "How much can I get out of it?"

The business of the rink will be pushed as long as the season lasts and every opportunity taken to make money for the Athletic Committee. If you have not yet subscribed to the gym fund, just think of the very reasonable athletic fee charged at registration, and remember what privileges it brings to you, the use of the gymnasium and the tennis courts, membership in every athletic club, and also a reduced rate for rink tickets. Then, if you feel you can, send in a gym subscription which will be duly acknowledged.—Queen's Journal.

VICIOUS ADVICE TO LAW STUDENTS.

The students of a Chicago law school were the innocent victims of a vicious and foolish lecture recently. A

CHAMPIONSHIP FOR COLLEGE RUGBY TEAM

McGill Beat Y.M.C.A. in Decisive Fashion on Saturday at Bridge Street

By the decisive victory of 15 to 0, the McGill College Rugby team took the measure of the Y.M.C.A. at the Bridge street grounds last Saturday afternoon and thereby won the first senior championship of the Vancouver City Rugby league. The game was played under ideal conditions and a big crowd of enthusiasts saw the wind-up of the local rugby season.

The McGill team was much superior in the scrums while their forwards were on the ball all the time and did not afford the opposing backs any chances whatever. The Y.M.C.A. fielded a team one short and the handicap was felt throughout, the McGill team being on the offensive after the first twenty minutes. Fraser and McLehla scored tries in the first half and Helme got two tries and Cello one in the next session. The teams were as follows:

McGill—Drury, Bullard, Echardt, McLehla, Cello, Rogers, Clement, Morrison, Bickle, Anderson, Letson, Helme, Greer, Hardy, Fraser.
Y.M.C.A.—Smith, Pringle, Orme, Ewart, Doidge, Granger, Godfrey, Stewart, Putnam, Ewart, Brown, Richardson, Poupore, Deshrisay.
Referee—Mr. Patterson.

That Unsatisfied Feeling After a Hair Cut or a Shave

Have you ever experienced the annoyance of being solicited for everything on the calendar?

Have you left the chair hair finished because you were given a lick and a promise just to get rid of you?

Haven't you longed for a barber shop where those distasteful features are conspicuous by their absence? Where you could entrust your hair to a barber-shave where you are treated with pleasant courtesy, and where everything is sanitary, from the fixtures to the shaving brushes?

Well, this is what I've established at 163 Peel Street, Corner of St. Catherine, Under Tooke's.

lawyer told them to avoid the practice of the criminal law, because that branch of the law is in disrepute and its practitioners could expect nothing but obloquy and contempt from the community.

Contemptible and disreputable criminal lawyers, and they alone, have brought criminal law into disrepute. Time was when the ablest and noblest advocates defended criminals. Criminal law needs redemption, rescue, and rehabilitation, and young students should be advised to practice it, and do so honestly, earnestly, and candidly.—The Arizona Star.

SEPARATE SEALED TENDERS

addressed to the undersigned, will be received at this office until 4.00 P.M. on Monday, March 1st, 1915, for the supply of "Groceries and Brushes," "Chain," "Hardware," "Iron," "Oils and Greases," "Painting," "Paint Oils, etc.," "Manilla Rope," "Wire Rope," and "Steam Pipe, Valves and Fittings," for the departmental dredging plant in Ontario and Quebec.

Each tender must be sent in a separate envelope and endorsed "Tender for Hardware, Ontario and Quebec." "Tender for Chain, Ontario and Quebec," etc., as the case may be.

Tenders will not be considered unless made upon forms furnished by the Department and in accordance with conditions contained therein.

Combined specification and form of tender can be obtained at this Department.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for the amount mentioned in the tender.

By Order, R. C. DESROCHERS, Secretary.

Department of Public Works, 1917.

Ottawa, February 1st, 1915.
